The models and equipment versions illustrated and described in this brochure and some of the services listed are not available in all countries. The car illustrated is equipped with optional features for which an extra charge is made. Details concerning the delivery specifications, appearance, performance, dimensions and weights, fuel consumption and running costs of the vehicle were correct to the best of our knowledge at the time of going to press. Deviations from the colours and shapes shown in the illustrations may occur. No liability is accepted for errors and printing errors. The right to introduce modifications is reserved. Not to be reproduced, including in part, without the written approval of AUDI AG.

This brochure is printed on paper made from pulp bleached without the use of chlorine.

¹ Only available in conjunction with rear seat package in sport seat look. ² The trailer towing hitch for retrofitting is available from Audi Genuine Accessories.

³ For information on when this feature will be available, please contact your Audi partner.

A side profile of the rear half of a dark grey Audi S8. The car is positioned on the left side of the frame, showing the rear door, a chrome door handle, and a multi-spoke alloy wheel. The background is a bright, minimalist studio setting with a white floor and a large, curved white architectural element in the upper right. A vibrant red diagonal stripe runs across the lower half of the image, starting from the bottom left and extending towards the right.

Charisma. Pure power. And technology of the highest standard. All combined in one of the sportiest saloons around. The new Audi S8. Dynamic. Self-assured. Visibly progressive. With optional innovative Audi Matrix LED headlights. Excitingly sporty with a new brilliance.

**Brilliant
technology.
Emphatically
sporty.**

Attention to detail. With a sporty interpretation. With S8-specific 21-inch wheels available on request. Emphatically dynamic. A statement packed with power and confidence. In typical S8 fashion. The Singleframe with three-dimensional details. Dominantly defined air inlets. The new Audi S8. Expressive. Exclusive. Fascinating. A unique experience. Even before you get in.

**Brilliant
facets.
Strikingly
dynamic.**

The fuel consumption and CO₂ emission figures as well as the efficiency classes can be found on page 20.

Comfort

The fuel consumption and CO₂ emission figures as well as the efficiency classes can be found on page 20.

Dynamics

High-performance athlete with the S factor. 382 kW that respond spontaneously. And thrill. From 0 to 100 km/h in 4.1 seconds. Fascinating power delivery. An athletic 650 Nm of torque, from just 1,700 rpm. Impressive performance, intelligently controlled. Thanks to Audi cylinder on demand technology. Reduced fuel consumption. Lower emissions. Combined with a thoroughly brilliant performance. The new Audi S8. Vorsprung durch Technik.

**Brilliant
performance.
Breathtakingly
athletic.**

The fuel consumption and CO₂ emission figures as well as the efficiency classes can be found on page 20.

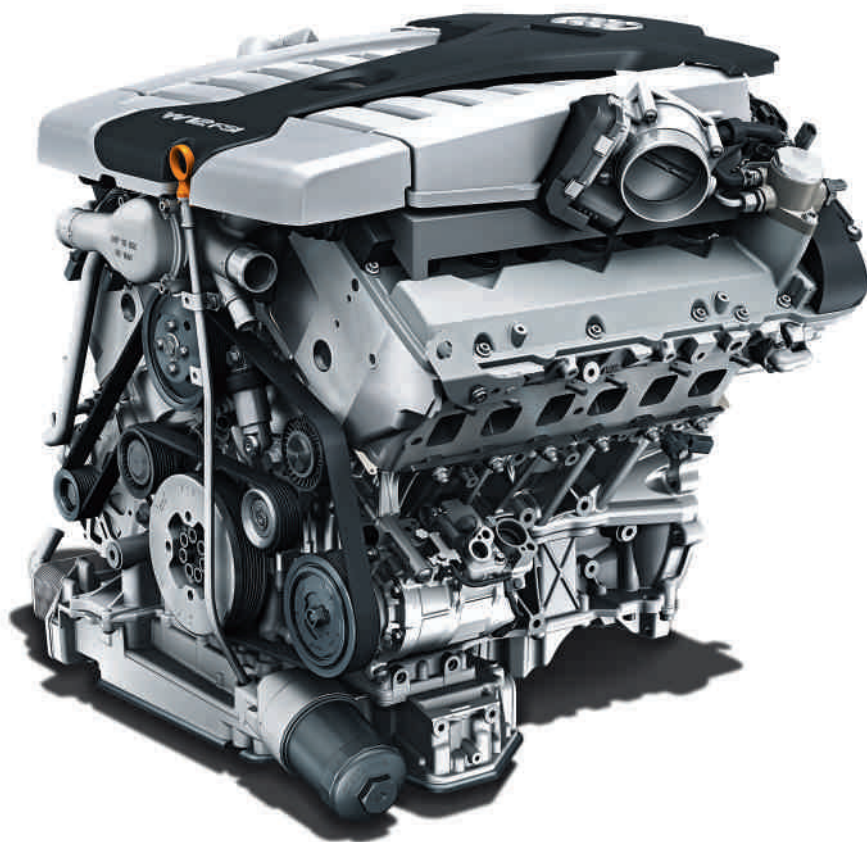

Intelligent performance

Maximum power. Put to maximum use.

Every movement originates from something. Something that set it off, an idea. The engine for your new Audi S8 can also be traced back to an initial spark of inspiration: higher power with lower fuel consumption. These apparently conflicting aims are reconciled in the revolutionary drive technology TFSI® with Audi cylinder on demand. Get acquainted with the engine that will move you in impressive style.

The fuel consumption and CO₂ emission figures as well as the efficiency classes can be found on page 20.

TFSI®

Audi TFSI engines attain a particularly high compression rate. The result: outstanding efficiency combined with optimum performance. Substituting supercharging for cubic capacity has the effect of considerably reducing engine size and weight – while performance remains as impressively dynamic as ever. For power delivery that will win you over from the word go.

Audi cylinder on demand

Even cylinder heads can be intelligent, as Audi cylinder on demand proves. Four of the TFSI engine's eight cylinders automatically shut down in the partial-load range. This helps to lower fuel consumption at the same time as reducing emissions. And without the switchover even being noticed or impairing the driving dynamics.

>>> adaptive air suspension sport

Depending on the mode, the sport version of the air suspension lowers the ride height by up to 10 mm compared to adaptive air suspension and has even stiffer damping. With S8-specific tuning

>>> tiptronic

The 8-speed automatic transmission with Dynamic Shift Program (DSP) ensures faster gear changes without any perceptible break in propulsive power.

>>> Audi drive select

Audi drive select lets you adapt the driving characteristics of the S8 to your requirements. All at the push of a button. Sportier, more comfortable, more balanced, more economical or even individually tailored as you please. It's entirely up to you.

>>> Dynamic steering

The dynamic steering enhances handling and driving comfort with speed-sensitive control of the steering ratio. With S8-specific tuning

>>> quattro® with sport differential

The quattro permanent all-wheel drive with electronically controlled sport differential guarantees superb agility and thrilling driving dynamics. With S8-specific tuning

>>> Ceramic brake*

The ceramic brakes fitted at the front and rear axles ensure excellent braking performance in any driving situation.

Dynamics

Dynamics

that will take a hold of you.

Get in. Buckle up. Start the engine. Wherever you're heading, enthralling driving dynamics will power you there. For as you know, the world is your oyster once you get behind the wheel of your new Audi S8. You decide the direction. The driving style. The pace. And you enjoy the satisfaction of knowing you have plenty in reserve. More than enough to get the very best from every drive.

As unmistakable as you: the Audi design selection.

The Audi design selection offers you an attractive choice of interior design packages featuring exclusive materials and colours. Our designers have combined inlays of fine woods and brushed aluminium with exquisite leather seats featuring attractive contrasting stitching. First-class comfort functions complete this exclusive selection.

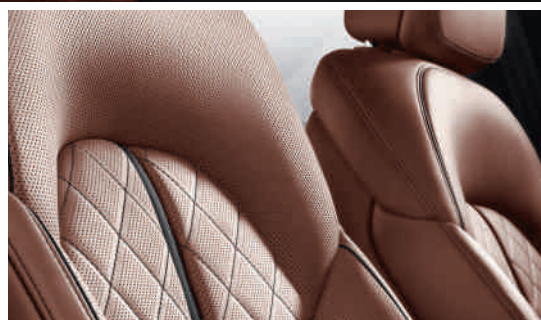

Audi design selection Vermont brown

An exclusive combination of refined interior colours, special materials and comfort-oriented equipment. The Audi design selection Vermont brown includes the following:

- comfort sport seats in Valcona leather, Vermont brown with accordion pleat, contrasting stitching and piping in granite grey
- headlining, upper pillar trim and sun visors in Alcantara, lunar silver
- rear parcel shelf in Alcantara, black
- sport leather steering wheel in black with S-specific contrasting stitching in Vermont brown and S8 badge
- top side of dashboard in black with lock seams in black
- underside of dashboard in black
- centre armrest in Vermont brown with contrasting stitching in granite grey
- door armrest, centre console and knee pad in black with contrasting stitching in Vermont brown
- door rail in black with lock seams in black
- centre console, selector lever and wood trim on the back of the front seats in piano finish, black
- inner door trim panel in Alcantara, black
- upper inlay in carbon twill copper
- lower inlay in brushed aluminium, silver

Additional equipment:

- seat heating, front and rear
- seat ventilation and massage function, front
- comfort head restraints, rear
- 4-zone deluxe automatic air conditioning
- full-leather package including headlining and rear shelf in Alcantara as well as electric sunblinds on the rear window and on the rear door windows
- "design selection" emblem in the door trims

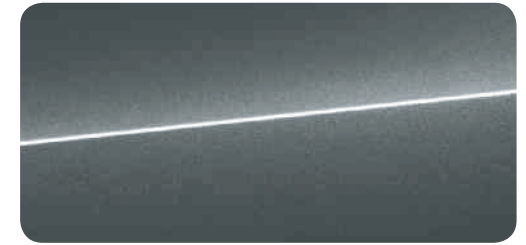

As unique as you are. Equipment options.

Sportiness, comfort, design, functionality – whatever you demand from your Audi, a wealth of equipment options is available to meet your needs. Here you will see just how much attention we pay to detail. And to quality that you can appreciate with all your senses. From exquisite inlays and a comprehensive range of interior colours to superior quality leather: in an Audi S8 you can enjoy not just innovative technology, but luxurious craftsmanship beyond your expectations.

| Pearl effect paint finish

Daytona grey, pearl effect

|Wheels/tyres

Cast aluminium wheels
in 5-parallel-spoke design (S design)
size 9 J x 20 with 265/40 R 20 tyres*

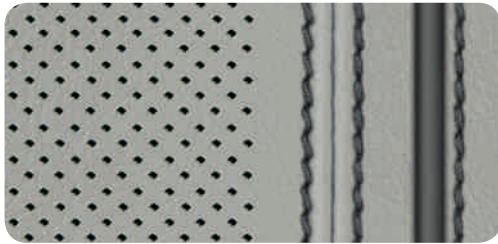

Cast aluminium wheels
in 5-triple-spoke design (S design)
size 9 J x 21 with 265/35 R 21 tyres*

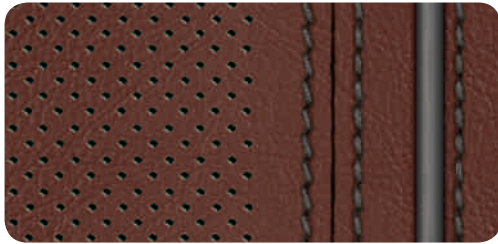

Cast aluminium winter wheels
in 5-parallel-spoke design (S design)
size 9 J x 20 with 265/40 R 20 tyres*, cannot be fitted
with snow chains, permissible top speed 240 km/h

|Seats/seat upholstery

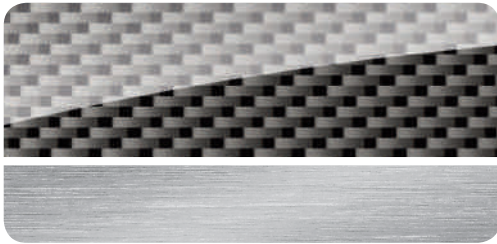

Valcona leather, lunar silver/steel grey
with square perforations

Valcona leather, Vermont brown/granite grey
with square perforations

|Inlays

Carbon Atlas
Brushed aluminium, silver

Carbon twill, copper
Brushed aluminium, silver

Upper inlay

High-quality inlays in carbon Atlas add exclusive touches to the dashboard, door trims and centre console (in conjunction with Audi design selection Vermont brown in carbon twill, copper).

Lower inlay

Inlays in brushed aluminium, silver on the dashboard and door trims create an impressive contrast.

Extended aluminium look in the interior

Aluminium-look elements on vent surrounds and thumbwheels, MMI display fascia, operating switch for electromechanical parking brake, console for window controls and on openers of fold-open compartment in the door armrests. Aluminium switches integrated into the lower inlay. Loading sill protector in stainless steel

*You will find specifications on the technical characteristics of tyres on page 19.

Exterior mirror housings
in aluminium look. Exterior mirrors, electrically adjustable, heated and folding, automatically dimming on both sides, with memory function, including automatic kerb-side function for the exterior mirror on the passenger side

Exhaust tailpipes
dual-branch design with 2 oval chrome surrounds on both left and right

Selector lever in carbon Atlas
with shift-by-wire technology. In conjunction with Audi design selection Vermont brown in piano finish, black

Bumpers
in S design with blade in aluminium look at the front and diffuser insert in platinum grey, edged with two-layer blade in aluminium look at the rear

Audi Singleframe
radiator protective grille in platinum grey with horizontal double chrome struts. With chrome-plated centred Audi rings and S8 badge.

Model name/logo
S8 logo on the Audi Singleframe, on the luggage compartment lid, on the illuminated door sill trims, on the front brake callipers, on the sport leather steering wheel and in the rev counter. quattro logo on the dashboard on the passenger side. “V8 T” logo on the front wings

Door sill trims with aluminium inlay
with S8 logo, illuminated

S-specific instrument cluster
grey dials, white needles and S8 logo in the rev counter. With controllable lighting, coolant temperature display, fuel gauge, rev counter with digital clock, speedometer with disproportionate display and electronic odometer/ trip odometer, displays for radio frequency, outside temperature and tank range, warning and control lights, maintenance interval display

S8-specific analogue clock with grey dial

adaptive air suspension sport
sporty tuning thanks to electronically controlled air suspension with infinitely variable damping system, on all 4 wheels. Automatically regulates the vehicle height and damping. Includes ride height control and manual lift function. The sport suspension has stiffer damping and, compared to adaptive air suspension, lowers the vehicle ride height by up to 10 mm, depending on mode. Various modes can be selected via Audi drive select. With S8-specific tuning

Pedals and footrest in aluminium look
underline the sporty character of the S8

quattro® with sport differential
The electronically controlled sport differential distributes variable amounts of drive force to each rear wheel and ensures outstanding acceleration performance in corners and stabilises the vehicle’s response to load change. It also improves direct steering characteristics and provides more agile handling due to the lower steering effort required. With S8-specific tuning

Dynamic steering
When changing lanes, parking and cornering, this system improves handling and ride comfort by dynamically regulating the steering according to the driving situation. In addition to adaptation of the steering effort, the steering angle is also adapted (steering ratio). Also supports vehicle stabilisation through ESC. With S8-specific tuning

Multifunction sport leather steering wheel in 3-spoke design with shift paddles in aluminium look with S8 emblem and S-specific stitching; multifunction operating concept for operation of installed infotainment equipment. Switching of driver assistance system displays in driver information system. Shift paddles in aluminium look for manual gear changing. With full-size airbag

Engine start-stop button with red ring; the engine is started and switched off via the engine start-stop button in the centre console; the key only needs to be carried with you.

Classifications of tyre parameters

The table shows the range of fuel efficiency, wet grip and exterior noise emission classes for the different tyre sizes of the Audi S8.

	Tyre size	Fuel efficiency class	Wet grip class	Exterior noise emission class
Summer tyres	265/40 R 20	E-C	B	74-71 
	265/35 R 21	E	B	73 
	275/35 R 21	F-E	B	73-71 
Winter tyres	265/40 R 20	E	C	70 
	235/50 R 19	E	C	69-68 

It is not possible to order a specific tyre. Ask your Audi partner about the range of tyres available in your country.

Equipment for the Audi S8 illustrated (p. 2-9)
Paint finish: Daytona grey, pearl effect
Wheels: cast aluminium wheels in 5-triple-spoke design (S design)
Seat upholstery: Valcona leather, Vermont brown/granite grey (Audi design selection)
Inlays: upper inlay in carbon twill, copper; lower inlay in brushed aluminium, silver; extended aluminium look in the interior; headlining and rear shelf in Alcantara, black

Model	S8 4.0 TFSI quattro (382 kW)
Engine type	V8 bi-turbo petrol engine with direct fuel injection, Audi valvelift system and Audi cylinder on demand
Displacement in cc (valves per cylinder)	3,993 (4)
Max. output ¹ in kW at rpm	382/5,800
Max. torque in Nm at rpm	650/1,700–5,500
Power transmission/wheels	
Drive type	quattro® permanent all-wheel drive
Transmission type	8-speed tiptronic
Wheels	Cast aluminium wheels, 9 J x 20
Tyres	265/40 R 20 ²
Weights/capacities	
Unladen weight ³ in kg	2,065
Gross vehicle weight in kg	2,590
Roof load/trailer nose weight in kg	100/95
Trailer load limit ⁴ in kg	
unbraked	750
12 % gradient	2,300
8 % gradient	2,300
Fuel tank capacity, approx. in l	82
Performance/consumption⁵	
Top speed in km/h	250 ⁶
Acceleration 0–100 km/h in s	4.1
Fuel grade	Sulphur-free super RON 95 ⁷
Fuel consumption ⁸ in l/100 km	
urban	13.6
extra-urban	7.3
combined	9.6
CO ₂ emissions ⁸ in g/km	
urban	318
extra-urban	171
combined	225
Efficiency class/emission standard	E/EU6

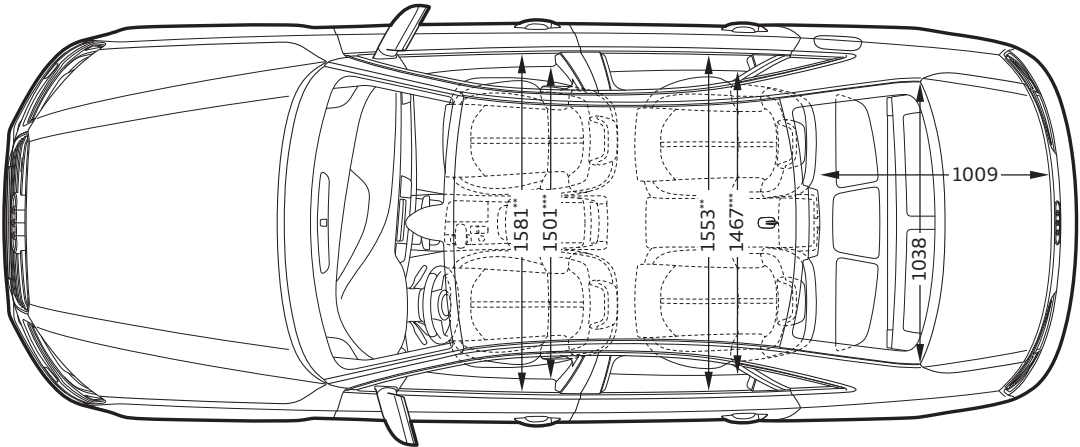

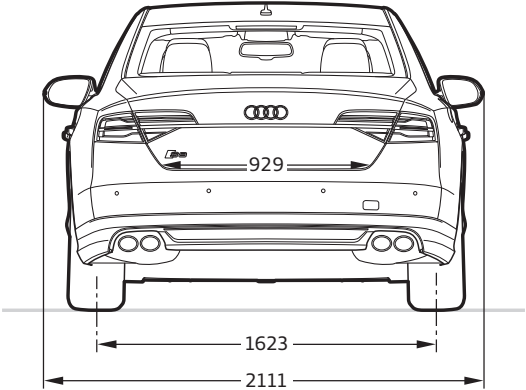

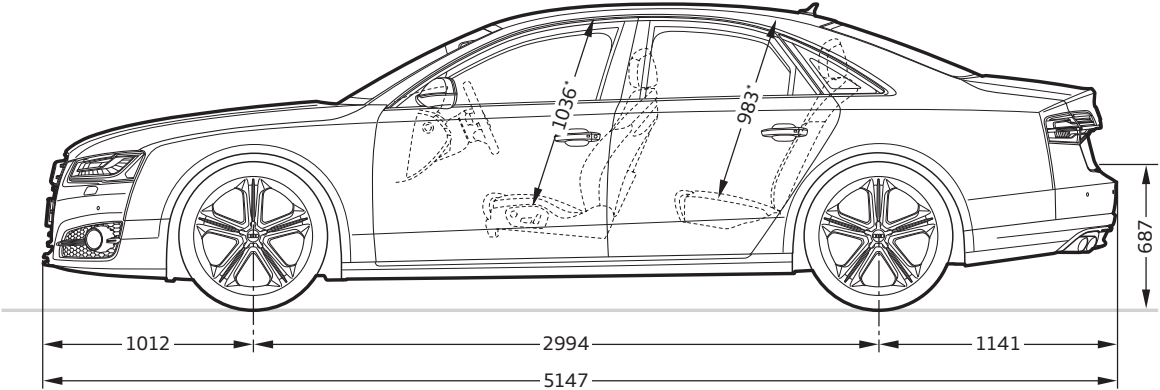

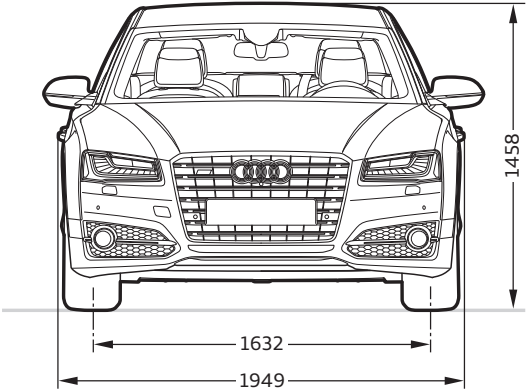

Explanatory notes

- ¹ The figure given was calculated using the specified measuring procedure (current version of Directive 80/1269/EEC).
- ² You will find specifications on the technical characteristics of tyres on page 19.
- ³ Unladen weight includes driver (68 kg), 7 kg of luggage and fuel tank 90 % full, calculated in accordance with the current version of Directive 92/21/EEC. Optional equipment may increase the car’s unladen weight and drag coefficient, whereupon the possible payload limit and the top speed will be reduced accordingly.
- ⁴ The engine’s power output always decreases with increasing altitude. At 1,000 m above sea level, and for every additional 1,000 m, deduct 10 % from the weight of the outfit (trailer load limit + gross weight of the towing vehicle). Figure for trailer load limit applies to factory-fitted trailer towing hitch. If using the vehicle with a trailer towing hitch for commercial purposes, a digital tachograph may be required under certain conditions.
- ⁵ A vehicle’s fuel consumption and CO₂ emissions do not just depend on how efficiently the vehicle uses the fuel, but are also influenced by driving behaviour and other non-technical factors. CO₂ is the greenhouse gas primarily responsible for global warming.
- ⁶ Regulated.
- ⁷ We recommend using sulphur-free super unleaded RON 95 in accordance with DIN EN 228. If this is not available, use sulphur-free regular unleaded RON 91 in accordance with DIN EN 228; power output will be slightly reduced. Unleaded RON 95 fuel with a maximum ethanol content of 10 % (E10) can generally be used. Fuel consumption details refer to operation with RON 95 fuel in accordance with 692/2008/EC.
- ⁸ The figures given were calculated using the specified measuring procedures. The figures do not refer to one individual vehicle and do not form part of any offer, but rather should be used purely for purposes of comparison between the different vehicle models.

Important note

Inspections are due as shown by the service display.

Audi S8

Dimensions in millimetres.

Dimensions were measured with vehicle at unladen weight, ground clearance measured with vehicle carrying its maximum load.

Luggage compartment volume in l: 520 (measured by the VDA method using 200 x 100 x 50 mm blocks).

Usable luggage space may be limited by optional equipment.

Turning circle approx. 12.3 m.

*Maximum headroom. **Elbow room width. ***Shoulder room width.
